COMPLAINT

"MARTHA IS BRIBING FCI WILLIAMSBURG TEACHERS"

TRO TEMPORARY RESTRAINING ORDER

Comes Now the Plaintiff, Jonathan Lee Riches©, in pro-se, Moves this Honorable court to issue a TRO Temporary Restraining order Against Martha Stewart, Stopping of her in Bribing FCI williamsburg Teacher Philip woolston and other Staff in harassing Plaintiff. Plaintiff prays for relief.

1

Since Ive filed a Lawsuit in State court against Martha Stewart, FCI Williamsburg Teacher Philip woolston has been harassing me on Martha's direct orders.

2

Im currently writing this suit in the special housing unit "Shu" at FCI Williamsburg because today Sep. 24th, 2007 At 11:00 am Philip Woolston Said "I assaulted him". I recieved a incident report for Assault on Staff member. This is a huge Conspiracy. All these Years having a good record inside prison, but now Martha Stewart is telling Philip Woolston to make Lies up about me, to have me locked away, so I can't do my research and proceed with my current Litigation against Martha.

3

FCI williamsburg has a Law Library with computers hooked onto the LexisNexus System. I can search all cases in District, Appeals, and Supreme Court. Where do You think the roots began with me being "the Litigator crusader"?

At Around 11:am on September 24th, 2007, Teacher Philip Woolston announces Lunch Time. I get up off the computer I was using, but forgot to log off. I go into another room to collect my briefcase. I look back and see Philip Woolston sitting on my desk reading all my cases I was studying, scrolling around seeing what I was searching. I walked over to log off the computer with a on/off button on the side. Right as I was pressing the on/off, Philip Woolston blocked it with his hand. My finger tips touched his hand slightly. Philip Woolston told me to go eat Lunch. I reminded him he was illegally reading my legal work. Woolston then went irate and told me I "assaulted him" and to get out. I never pressed the Issue, I never further the discussion. I went to eat Lunch, then get called to the Captains office. Philip Woolston wrote me a incident report for assaulting him. I'm currently sitting in the special housing unit.

4

This is a Plot by Martha Stewart to silence me. Distract me from my legal work. And to make sure I rot and die in the Special Housing unit. Martha Stewart told Philip Woolston Personally to make up bogus charges about me.

5

Philip Woolston is a huge fan of Martha Stewart. Philip Woolston comes to work everyday wearing Martha Stewart clothing Line. I seen Philip Wolston carrying a Martha stewart cookbook with Martha's Autograph.

6

Philip Woolston has a secret Phone in his teachers office that is connected to Martha Stewarts home in Connecticut. This opens up a channel of communications. ON 9-22-07 Philip Woolston Joined Alligence to Martha Stewart into ruining my lawsuit career. Martha provides Woolston with Phone sex, and recipes in return of Woolston setting me up on Bogus charges

7

I demanded FCI williamsburg check their cameras to prove I did NOT Assault Woolston. I also began a hunger strike in the Special housing unit out of injustice and also who knows if Martha arranged for Woolston to get a FCI williamsburg cook to poison me.

8

At 4pm on september 24th, 2007, the captain came and saw me. Instead of giving me a Assault incident report, they knocked it down to minor, refusing a order from staff member. The captain also told me they will be letting me out of "Shu" within a couple of days. (See Attached exhibit)

9

Somthing very fishy is going on as my prison record is clean, then Woolston who is a huge fan of Martha stewart makes up bogus Assault charges on me to try to ruin my Litigation and Life.

10

Jonathan Lee Riches is out for Justice. I'm going to file 100's of Local, state, federal Lawsuits against Philip Woolston the rest of my life for his injustice, also Martha for conspiring. I'm going to file 100's of Administrative remedy complaints against Philip Woolston, from what he wears offends me, to I don't like his smile. This is my constitutional right, I'm in the Shu now with Pens, Paper, court addresses, and Stamps. "WAtch what You do, OR I'll sue You"

Plaintiff moves for a Restraining order to cut off Martha and Woolstons Phone Link and to stop their Secret Affair.
